## Property Description

This is an exceptional property in the K-Section within walking distance to the beach. It's located on a dead-end street and set back from the main road to offer low traffic and privacy in one of the premier sections of our community. The big size of the lot adds to the privacy and is hard to get in today's market this close to the beach. The property is secluded and ready to build, close to everything in Guiones. If you like privacy, seclusion, and an easy walk to the beach, this property is the opportunity you are looking for. Reach out now for more information and a private showing!
