## Property Description

Playa Danta and the tropical dry forest in Las Catalinas are both conveniently close to this apartment on Avenida la Antigua. The area has a laid-back neighborhood vibe that makes it simple to settle into the rhythm of town life because it is surrounded on both sides by two car-free plazas, Plaza Lucia and Plaza Escondida. The apartment's big room, which contains a table for six people, a full kitchen, and lounge furniture, makes it simple to socialize and eat in close quarters. The patio with the open-air plunge pool is beyond, and it is covered in dense vegetation and has high walls, making it a naturally private and cozy place to unwind. The neighboring living room with a day bed and trundle connects the two bedrooms to the rest of

the house and provides a transition from the home's more communal spaces to private ones. Each offers a private, self-contained space to unwind before returning to life at home and in the community.
