Property Description

This Luxury Rental Business and Property turn-key package, with an established history of income generation, is perfect for the buyer who would like to own a piece of “Paradise” and who is also investment-minded. Featured are three beautiful homes, one studio apartment, and two ocean-view building sites offering the possibility for business expansion, all situated on over 6 acres of rainforest in a prime upscale location - Escalares, Dominical, Costa Rica. Year-round creeks border this secluded and very private property -- surrounded by nature; monkeys, toucans, parrots, sloths and an abundance of other wildlife can be seen on any given day – and yet shopping, restaurants, and beautiful tropical beaches are only minutes away. All four homes on the property were custom designed by the owners, to be integrated in and complimentary to the surrounding environment. The two fully furnished homes currently hosting vacation guests total over 5,000 ft/2.
