Property Description

This is it! I hear it all the time, "We want a nice home with extra Cabinas to rent out for income...." OR "I want to venture into the B&B Business with fabulous ocean views..." No need to look further...Dominical Real Estate, high up in the Escalares hills is where we find this spectacular home with three lovely Cabins, pool, equestrian stable (another site to build upon) and much more. Enter the gate to the property and you are greeted with beautifully landscaped terrain. The nicely graveled driveway leads you to your enclave. The main home consists of a 2-Bed, 2 Bath, 2 story home with high vaulted ceilings and ocean view galore! The exterior terrace include a fireplace for cool evenings, that extends out to the pool area. Meticulously gardened and very inviting for privacy or your guests enjoyment. Lots of storage with an exterior parking area. The first guest Cabina is more elegantly designed with fine amenities and incredible ocean views.
