Property Description

Royal Heron Rancho is a rustic yet elegant retreat where Central American craftsmanship blends with the natural beauty of the dry forest. Its aged wood, gracefully shaped by time, reveals unique details continuously discovered as one enjoys living within such a nurturing artist's retreat. Accessed via a quaint wooden gate opening to a whimsical path decorated by the Royal Heron mural from which the property takes inspiration for the name, this beautiful space features three distinct areas: the main house, an art studio, and an apartment—harmoniously combining comfort, inspiration, and an income opportunity. Consisting of

loft-style bedroom areas in the main house and apartment, and full bathrooms in all three areas, this property is ready for the next owner to move right in. The outdoor space is just as much a sanctuary as the indoor, with thoughtful design and art installations. Relax on the balcony or sit with friends in the yard space.
