Property Description

Nestled along the Bejuco ridgeline, this villa blends the timeless elegance of Mediterranean-inspired architecture with the natural beauty of Costa Ballena. As you arrive through the private gate and follow the

paved driveway, the home reveals itself with beautifully manicured gardens and an inviting, coastal-luxury presence that immediately sets the tone. Positioned on the mountainside, the residence is designed to showcase the coastline from every angle. Uninterrupted ocean and jungle views stretch from the southern points of Corcovado all the way north, creating a dramatic backdrop from sunrise to sunset. With Uvita’s ideal climate, outdoor living becomes an everyday pleasure. The home offers multiple spaces where you can relax, entertain, or simply take in the changing colors of the sky. A wide wrap-around terrace flows from the main living area, the pool patio is perfect for lounging with friends and family, and a beautiful teak deck — suspended among the treetops — gives you a front-row seat to toucans gliding in at dusk.
