Property Description

Casa Casi Cielo, which translates roughly to Almost Heaven, is a turn key ready rental property located in one of the most prestigious areas of Manuel Antonio. The home and property consists a quarter acre titled lot on Pacific Canyon Drive with the areas BEST views of the world famous Manuel Antonio National Park and Cathedral point. The home is a fully furnished 3 bedroom, 3.5 bathroom luxury estate, which has recently just completed a total and complete renovation. The home has 3 stories of construction and every inch of the construction offers unobstructed views of the Pacific and National Park. The home is currently starting its lucrative rental program and includes a fully functional website, existing client base and on site

administration should a new owner want to continue. The owners also are offering a fully independent and titled lot which can be sold, developed into the existing construction for a larger estate home or developed into another private home or rental property.
