Property Description

Bella Vista #1 offers one of the most coveted views in the Southern Pacific Zone-- the Whales Tail rock formation in Uvita. This 1.3-acre property sits on the front ridge in a gorgeous, secluded development in the mountains just above Uvita. The main building area is large and flat, plus there is another smaller flat area just off the main pad. Currently, your neighbors are full time retirees living in two elegant houses and, of course, the abundant wildlife that surrounds you. Simply put, this property offers privacy, big ocean and Uvita valley views, plus an ideal spot for a luxury home. A short drive to the town of Uvita and high enough to catch the cool ocean breeze, Bella Vista #1 is ideally located. Water is from the community source and has back up systems. Electricity comes to the property line. Fantastic view lot above Uvita ready for your construction desires!!!
