Property Description

Follow the sun through winding mountain roads lined with jungle, to the end of a remote road in the community of Ojochal, not 15 minutes drive from the highway; where a private 9.5 acre property contains a modern three bedroom home, whose clean lines and simple aesthetic leaves considerable room for nature to shine into every space. Completed in late 2017, the single-story footprint of this home was custom-designed in such a way that every space is used to the fullest potential. Ease of movement and good flow are the key features in this open-concept design. Find plenty of space dedicated to the essentials, like a large gravel parking area where it's easy to turn a car around. Three ensuite bedrooms are located in different areas throughout the home to maximize privacy when hosting guests. Each room has its own access onto the generous, covered terraces. Surrounded by perfectly manicured grounds, the natural Coralina stone outdoor walkways lead towards the quietest infinity pool finished with CrystalStone black onyx with stunning effect.
