The property is perfectly landscaped and has commanding expansive ocean views. It borders an expansive mountain range that is a protected old-growth forest with an abundance of wildlife. A long tropical drive leads past the one-bedroom caretaker house, and then down to the main building pad, the villa, a waterfall, and tropical gardens. A dramatic artistic gateway made with old-growth teak invites you in. Bougainvillea flowers surround the entrances between the side of the house to the gorgeous double-door entry.
