Property Description

Recently reduced by \$30,000! You can own this home with only 50% down - seller is willing to finance over a negotiable period of 2 to 5 years, depending on qualification of buyer. This beautiful 2-story house, located in the foothills of the Talamanca mountain range and within the Vistas de Chirripo development, was built with much attention to detail in 2011. The house consists of 3 bedrooms, all with en-suite bathrooms. There are also 2 half baths on each floor. The large master bedroom and bathroom (with jetted tub) are located on the upper level to make the most of the amazing views. Also on the upper level is a living room with dining area, plus kitchen and walk-in pantry. There is a large wrap around deck overlooking the well developed garden, including a "Celtic Cross" garden reflecting the heritage of the original owners. The owners planted multiple trees known to attract wildlife, birds and butterflies.
