Property Description

This elegantly designed home has been priced to sell (618m2 - 6,652 sq. ft). This estate has, hands down, one of the best views in all of Atenas - San Jose city views and surrounding mountains. This uniquely large and very private property of 9.85acres (39,842 m2) is nestled atop a hill - elevation: 853 m - 2,800 ft - at the end of a private road. The altitude of this home allows you to experience the perfect temperatures that only Atenas' microclimate has to offer (day time high temperatures @ 28°C/82F and overnight lows in the mid 18°C/60'sF). This two story, fully furnished home features a large open floor plan that includes a fully equipped chef's kitchen, dining room/living room areas with large windows with access to the terrace and infinity pool from where you can enjoy the mountain and city views. Two master bedrooms are located on the ground floor and a third master bedroom is on the second floor - each with their own private bathroom and walk-in-closet.
