Property Description

This beautiful home is located on the hillside with great landscaped gardens and amazing sunsets. The 1.24 acres of land has been groomed in tiers where you could build additional villas; building pads, driveways and drainage are already installed. Sunsets are stunning every night from this property! This property is a single-level distribution luxury home with 2 bedrooms and 2 full bathrooms with over 2,000 SF of living space. The kitchen has been outfitted with custom cabinetry, large island, stainless steel appliances and a thick marble counter top, perfect to delight those who love cooking. The high ceilings give this already spacious home an open design and allows the natural light to fill the room. The Master Bedroom has its own private bathroom, air conditioner, ceiling fan and sliding glass doors to an outdoor terrace overlooking the mountain. The second bedroom features patio doors to an additional terrace with garden views and easy access to the guest bathroom.
