Property Description

This spectacular 4000 sq ft villa perched in the coastal hills of Central Costa Rica, is a one of a kind contemporary masterpiece that defines tropical luxury. The estate rests above 60 acres of private rainforest attached to the estate, and boasts stunning views of the mountains and pacific coast from all positions throughout the villa. Within a completely private setting, this nature lovers paradise is only minutes to all of the best attractions resident within the Manuel Antonio region of Costa Rica. Located about 2 kilometers from the spectacular Rainmaker Conservation Project, Eden Estate is also just 15 minutes from Costa Rica's sport fishing capital in Quepos, Manuel Antonio National Park and all of the regions best restaurants and beaches.
