Property Description

The ocean view will take your breath away as you walk through the doors from the covered and tiled parking area! This 3 bedroom 3 bath home is priced to sell quickly. Inside you'll enjoy the living, dining and kitchen areas all with immaculate and soaring bamboo ceilings and floor to ceiling windows looking out over the Pacific ocean with year round sunsets. The ocean view terrace has over 1000 sq. feet of covered living and dining space to host a few, or many friends. Mature trees throughout the property offer fresh fruit most of the year and the gentle slope would allow for a guest house to be added to this spacious 2 acre property. The manicured gardens are to be enjoyed and easy to walk through, attracting a tremendous amount of birds including toucans and hummingbirds. At the end of a hall you'll find the Master suite with private jungle and ocean view balcony and ensuite bathroom. Two additional bed rooms with large closets are perfect for guests.
