- Luxury Estate

Property Description

Recently reduced \$451,000! Have your own waterfall to enjoy! Perched at close to a thousand feet of elevation above the eclectic, foodie town of Ojochal, home to two of Costa Rica's finest restaurants, this stately mansion balances opulence and comfort with a sense of proportion and understated elegance. The sprawling grounds of almost four acres have been landscaped and dotted with some lovely details, from various gazebos and outdoor living ranchos, a complete outdoor covered kitchen with bar, fireplace, pool side bathroom with shower, and barbeque area. The chlorine free pool and five person Jacuzzi with cascade is immaculately maintained. Then there is the stone swimming grotto with waterfall and trails down to a private stream and cascading waters. Surrounded by mountainous rainforest, the pristine setting is only matched in beauty by the crystal blue Pacific Ocean views. The living in harmony with nature metaphor extends to enjoying a pure mountain water source and the providence of a garden with over seventy different fruit trees.
