Property Description

There is a lot of cultural heritage attached to this property, which has a huge list of Features and Benefits. Descriptive words here can only paint a partial picture. This is a must see for anyone seeking to create a masterpiece in Costa Rica. Built in 1995 by a Costa Rican family, the home consists of 5 bedrooms, 2 baths, a guest quarters above the pool, expansive garage, and a large greenhouse. The property is positioned alongside the top ridge with unparalleled views of Mount Chirripo (largest mountain in Central America), Diamante Wall Fall (Largest waterfall in Central America), The Pacific ocean and Manuel Antonio. It has 220 yards of ridgeline that would allow future development into a hotel concept, additional home or let your creativity wander. The pool is 80 feet long that drips over the edge of the hillside with ample room for larger entertainment events. Landscaping consists the finest palm trees, fruit and exotic species.
