Property Description

This new custom designed luxurious Villa, with 3 large bedroom suites, all with King size beds are located in Paradise Breezes Phase 2, Dominical, which is sprawled over 165 acres of lush tropical forest, filled with toucans, monkeys, sloths, pisotes, colorful birds and butterflies, and an abundance of tropical flowers and with every detail and amenity you could ask for! You can actually see and hear the beautiful Pacific waves as they roll into shore from the large infinity pool with built-in bar, (my favorite spot), or from the huge outdoor covered living area, which includes an outdoor kitchen, BBQ, a full wet bar, outdoor dining table, wine fridge, as well as from inside the Villa which has been specifically designed to take full advantage of all every view from everywhere!
