Property Description

This stunning 3 bedroom, 3 bath, 2,800 square foot Bali style fully furnished dream home has one of the most spectacular views on the Central Pacific in Costa Rica! As soon as you step through the front door, the heavenly view will take your breath away! And this 270 degree view is visible from every room in the home, from the kitchen and living room to the wraparound balconies and both master bedroom suites on the entry level, each with its own indoor/outdoor shower overlooking the rain forest and coastline. The lower level boasts a huge guest suite with two queen sized beds, large bathroom and an entertainment deck with infinity edge pool, all featuring the same stunning view of the jungle, river valley and Pacific coastline all the way to the Osa Peninsula on a clear day! And the lower unit is already plumbed and wired to add a kitchen so it can easily be converted into a rental unit or full apartment guest suite for friends and family.
