Property Description

This property is a stunning luxury estate that sits at the top of Marina Vista 2 in Dominicalito, Costa Rica. One of the few ocean view properties that have sunsets dropping into the Pacific 365 days of the year, plus... you'll be entertained by the abundant wildlife in the primary jungle wrapping the house. There is an electronic gate at the entrance of the development and another personal electronic gate for the property which is at the end of the road; the property puts a premium on privacy. The land measures 6.57 acres (2.66 hectares) and includes guardian ceiba trees standing nearly 200 feet tall. The 3,200 sq. ft. contemporary-modern residence features 3 large bedrooms and 3.5 bathrooms, all with high-end finishes. The ocean view master suite is spacious and stunning. A king bed, air conditioning (although you won't need it at 1,400 ft. elevation), and large sliding glass doors are just a few elements that will enrich your living experience.
