Property Description

The home is built floor to ceiling with local hardwoods, giving it a sleek and modern, yet warm and natural feel. Beautiful tongue and groove ceilings, and large exposed rafters show off the craftsmanship throughout this special home. The inside has three bedrooms and two and a half bathrooms with a large living room, dining, and kitchen area. Outside is a poolside lounge and a large newly renovated wooden deck where you can sunbathe and take in the mountain views. The house is situated perfectly, allowing the sunshine to warm the pool, while you and your guests enjoy the shade of the lounge area and gaze up at the breathtaking view of the nearby mountains. There is a covered carport and additional uncovered space so you can park up to four vehicles within the automatic gates of this beautiful property. This finely crafted home is located within walking distance to Uvita's main road, which means this location could not be more convenient to everything you need; banks, markets, butcher shop, a handful of excellent restaurants, two micro-breweries, shopping, and launching points for major tourist activities.
