Property Description

Enjoy the convenience of a carefree lifestyle, and this beautiful two bedroom, two bathroom home is the perfect home to get into the market at a reasonable price! The solid concrete construction makes it easy for the home to grow with your needs. If you feel more room is needed later, than add a guest house, or build up on the house with a second floor later on. The exterior patios and pool area all face the glorious views of the panoramic ocean view. Wide open in some sections, and through the trees looking down at the famous Whale Tail at the National Park. A beautiful grouping of trees have been pruned with the canopy lifted to appreciate the full enjoyment of the ocean view, and allow the monkeys, toucans and sloths to visit. The best of all worlds! Dinner on the terrace doesn't get any better than this! The outdoor grilling station is just steps from the kitchen and adjacent to the dining area.
