Property Description

An amazing opportunity for a fantastic price! Think of what you can do with a property that has 7 building sites with enough space to add more. The owner imagined a hotel, restaurant and activity center with a pool. What would you create? The largest and most impressive building site is perched high on the hilltop with 360-degree views of the charming village of Ojochal. Watch the clouds change shape and roll across the top of the mountain range that is the backdrop to this beautiful town. Enjoy the sunrise and the sunset from this birds-eye view location! You will even see waterfalls flowing down the mountains during certain times of the year. There is access to the property from 3 different directions. Calle del Cacique dead-ends at the backside of the lot on the hillside and the other two roads wrap around the hilltop starting at the bottom where the 2nd Calle Cacique and Calle Monte Vista meet.
