Property Description

Exquisite parcel of over 9 acres that is very suitable for development or for a cluster of high end homes overlooking the Ballena Islands and Pinuela Bay. The views are among the best that this area can offer, the land is gently sloping topography toward the sea, overlooking the tranquil bay of Pinuela with the lush tropical rainforest point being the southern boundary for the Ballena Marine National Park. This property is teeming with wild life, White Faced and Howler Monkeys, Toucans, Parrots, Scarlet Macaws, Sloths. Throughout many months of the year whale watching is amazing as it is one of the few breeding grounds on the Costa Rica Pacific Coast. One of the few parcels available with the dramatic coastal views and positioning.
