Property Description

Casa Tranquila is an expansive fully accessible 5.75-acre scenic property – perched in the mountains of Baru overlooking the whitecaps of the Pacific Ocean. It is a 20 min drive to the beach and the beach town of Dominical, 10 min on a well-maintained gravel road, and 10 min on a paved road. This 3 +1 bedroom, 3 bathroom home is an elegant and modern Costa Rican design. A 2- structure-property offers many options such as a boomer who enjoys having a guest house; a professional couple who needs a separate home office; or a growing family where kids have their own 'casita' space yet only a few steps to the main casa (house). The property is gated, fenced, with 2 road frontages, 2 more building sites, plus severance or rental potential. One of the roads is a public road which allows you to have a business so this property could be converted into a boutique hotel or anything else you can imagine.
