Property Description

Nestled within this exclusive setting is the one-of-a-kind property. Thoughtfully designed to blur the lines between its lush, natural surroundings and the well-appointed, contemporary indoors, the house delivers a winning combination of sophisticated luxury and harmony with nature. Step through the doors of this modern masterpiece, and the first thing you'll notice is the phenomenal view. The home's coveted location on a verdant coastal mountain ridgeline ensures unrivaled and uninterrupted Pacific ocean and rainforest vistas—while panoramic floor-to-ceiling glass window-walls ensure you can soak in the arresting landscape from anywhere in the 7,950 square foot, five-bedroom, 5.5 bathroom home. Days at this incredible home begin with spectacular morning light over the ocean from your Master Suite, as the surrounding rainforest comes to life, and the endless ocean views dance with color.
