Property Description

This 3 bedroom and 2 bathroom home is newly remodeled in 2019 and has a mid-century modern vibe. This home is close to coastal activities such as surfing in Playa Dominical (15 min drive), Uvita, exploring the Marino Ballena National Park, Nauyaca Waterfalls, and Hacienda Baru Wildlife Refuge. There are two grocery stores, a bakery, butcher and an organic farmers market just a few minutes up the road, as well as two restaurants. The house features a large open living room with high ceilings and lots of windows peering into the jungle. The bright, open kitchen has high quality stainless steel appliances, including a gas oven & range, dual refrigerator with water filter and ice dispenser. The open floor plan allows you to still be in the mix with your friends/family while you're cooking up a storm, working remote, or entertaining. This house has a fiber-optic internet connection, which is the best internet available.
