Property Description

This luxury property is a skillfully-designed and masterfully-crafted luxury home on three acres perched in the prestigious community of Costa Verde Estates. Built by renowned builder, Leif Bernhardt, the property boasts expansive ocean views from each of the four master suites, as well as stunning mountain views that include views of the 600-foot Diamante Waterfall from the upper secondary pad site on the property; a great spot for a guest house for additional rental income. The 500m² of living space is well-designed with ample space and open flow that makes entertaining a joy. The views upon entry are absolutely breathtaking- entering past waterfall features on both sides of the main entry through an oversized cantilevered steel door brings your eyes through the living area, out to the outdoor terrace with high-end BBQ area, and over the massive infinity pool with built-in jacuzzi tub, and alas out to the mighty blue Pacific Ocean as your infinity view backdrop.
