Property Description

This is a rarity, 4 acres of private panoramic ocean view overlooking the Whale's Tail in Uvita, Caño Island, the Osa Peninsula, with easy access to Uvita. The land is titled, and very usable for building. The rolling terrain allows for multiple building sites perfect for a private home and/or multiple dwellings, and is bordered by lush jungle. The property is only 5 minutes above Uvita town center and local attractions, as well as walking distance to beautiful swimming holes of the Rio Cortezal. Community water is available to the property and the community system is in process of being legalized through the local ASADA, so this is the perfect property for anyone looking to build after at least one year.
