Property Description

This magical 11.24-acre property is a must see! It is located in Cinco Ventanas, Ojochal and has a very private feel. The owner made a special point of keeping as much of the existing rain forest on the land as possible. There are creeks, amazing large growth trees, birds and wildlife and ocean views throughout. The property touches the public road so it can be used for commercial or residential use. There are two separate ocean view building sites already in place at the end of a private road which is gated and winds through the towering rainforest. The first building site has gorgeous ocean views that look out towards Cano Island and is surrounded by rainforest. The second site is at the top of the property and at the end of the road. The panoramic white water ocean views from this building site are looking out over Cano island, Garza Island, and all the way to the Osa Peninsula! This piece of paradise is located in the desirable community of Cinco Ventanas and is only a 10- minute drive up the mountain from the main highway and beautiful beaches.
