Property Description

Absolutely stunning modern home with 3 bedrooms and 3 bathrooms, nestled on a sprawling 2.7-hectare (6.7-acre) property offering breathtaking ocean views. Situated on the esteemed Calle Perezoso in Ojochal, this residence is just minutes away from pristine beaches and a plethora of fine dining establishments and recreational activities. The potential to subdivide this property into four additional lots of 5000 square meters each presents a remarkable opportunity. The estimated market value for each of these new lots, boasting mountain views, is approximately US\$120,000. Additionally, the fourth lot, featuring an enchanting ocean view, is priced at US\$150,000. In total, the combined market value for all four lots reaches an impressive US\$510,000. Considering the current list price of US\$995,000, this home, along with its expansive 7000 square meter plot, effectively translates to a mere US\$485,000—an extraordinary value.
