Property Description

The mountain property I will describe is a true haven of privacy and tranquility, located in the majestic mountains of Dominical, Costa Rica. This corner of serenity is nestled in one of the country's fastest-growing and most beautiful regions, offering an unparalleled retreat experience. The property is carefully tucked away in the mountains, far from the hustle and bustle of modern life, ensuring maximum privacy. Upon arrival, you are greeted by natural trails that wind through lush tropical trees, providing subtle yet magical access to your own private paradise. The sense of isolation and peace emanating from this property is truly unique. From the terrace of your home, you can enjoy a panoramic view that stretches to the Pacific Ocean horizon. Despite its mountain location, you are fortunate to have a small view of the sea that serves as a reminder of the proximity to the wonderful beaches of Dominical.
