Property Description

A property in the heart of Manuel Antonio right off the main road is hard to come by these days. Especially at this price. This House sits on 3/4 of an acre and is full of Tropical Jungle Trees including Mango trees and beautiful Palms. The Scarlet Macaws visit daily as do the monkeys. The home is simple with two bedrooms and one bathroom plus an open kitchen and a lounge area. The terrace wraps around the front part of the house perfect for morning coffee while listening to the jungle wake up. Being that it is road frontage the commercial potential is huge allowing for higher rentability if you wanted to build a restaurant or even a small boutique hotel or Jungle Bungalows. All of the restaurants, beaches and parks are within minutes and the renowned Marina Pez Vela is only 10 minutes away. This could be your little piece of paradise in Costa Rica.
