• Parking Spaces

Property Description

The house is located on the main street, which makes it flexible in terms of functioning as a residential house or as a place to locate some type of business. The house was completely remodeled approximately five years ago so it has beautiful and modern finishes. It is on one floor and its distribution is as follows: the garage currently holds approximately nine vehicles, and the same number can be parked in the back of the house. Large lobby next to a light patio. Living room with fireplace next to the large dining room. Spacious kitchen with beautiful cedar wood furniture and natural granite countertops, has excellent storage space, pantry and a beautiful island. Then we find a large dining room from where you enter both the service area and the main dining room. The utility room area includes a large bedroom with a full bathroom and closet, a laundry room and a hanging area. The private area of the house includes the main room that includes a large walk-in closet and two full bathrooms with a shower, toilet and laboratory.
