Property Description

The view from The Tree House will take your breathe away - perched above Guanacaste's idyllic countryside, this home offers you the chance to enjoy some of Costa Rica's most gorgeous scenery from your porch. This location is ideal - the Guanacaste Internaional Airport is only an hour away and it's only 15 minutes to beaches, whether you want to visit undiscovered, tranquil spots, or go to bustling and vibrant Playa Tamarindo. The home has zero neighbors, providing total privacy, and it is tucked just uphill from the charming Costa Rica communities of El Guapote and 27 de abril - places that have not been changed by tourism and foreign development. A supermarket is just down the road. The Tree House has an open living, kitchen and dining space that connects onto the home's terrace, overlooking the valley. The setup separates the master suite - and its private balcony - from the main space. An apartment below the master suite is the perfect spot for visitors, and the property has a carport and secure storage as well.
