Property Description

This 26+ acre property is located in the heart of Uvita and offers dramatic, panoramic views of the ocean, year round sunsets and the famous Whales Tail sandbar. The property borders the costanera highway and has a large, flat area that would be a great spot for a commercial center. There is a year round stream running along the South West border. This is the only true Front-Ridge property in Uvita. You can hear the sound of the waves crashing on the shoreline close by giving a more intimate, "beachside" feel. After entering a private gate bordering the highway, a private, interior road leads from the highway up to the first ridge, which has a numerous large, flat building areas that offer beautiful, panoramic views of the Pacific ocean and crashing whitewater below. The front ridge has a commanding view of the iconic Whales Tail sandbar and glowing sunsets! The views to the east are lovely as well, with the sun rising above the fila costena mountain range and lush, undisturbed primary forest.
