Property Description

Luxury home with forest and ocean view – a nature lover’s paradise. This professionally built luxury home is located in a private area with an exceptional view over pristine forest to the Pacific Ocean, with Cano Island on the horizon. The lower half of the property is undisturbed forest, and the whole property is perfectly designed and located for the nature-lover. This large residence has a lot of charm and modern features (see list); it is offered fully furnished. The high ceilings and large windows provide a fresh breeze throughout. A small rear extension provides accommodation for a caretaker. The beautiful, wide, covered wrap-around terrace (veranda) offers comfort in all weathers to enjoy outdoor living at its fullest and to observe the prolific wildlife and the unmatched sunsets. The present owner has observed more than one hundred species of birds on or from the property. A large pool behind the house provides an alternative area to relax or entertain guests.
