Property Description

Casa Bambu is a luxurious oasis, a relaxing retreat for your mind, body, and soul. Located at 1000 feet above sea level, this five-bedroom, five-bath luxury home features year-round panoramic sunset views of the Pacific Ocean and Dominicalito Beach. Casa Bambu features unique architectural designs, four master bedroom suites, locally crafted custom furniture, and artistic delights throughout. It features many luxurious amenities: access to a nearby beach, a lush private rainforest reserve, 100-ft. waterfall, abundant wildlife and exotic birds, and an infinity pool & a ten-person hot-tub. Casa Bambu is the perfect location whether you're looking for a vacation home or contemplating moving to Southern Costa Rica. A talented husband and wife duo worked together to design Casa Bambu, and they were inspired by the endless sea, vaulted sky, and giant towering bamboo. From the moment you enter this stunning home, you'll be amazed by how in sync the infinity pool is with skyline and the ocean.
