Property Description

Located with easy access on one of Ojochal's popular roads, this three-bedroom home has classic charm. With just a bit of cosmetic upgrades you can revive it to its full potential, for romance and relaxation in the jungle. Although the location is private, it's just a minute's drive for groceries, dinner at Citrus Restaurant, or fresh bread at a French café. Tortuga Beach is just a few minutes away, with it's scarlet macaws, and Uvita is a 10-minute drive. Walk in through a beautiful courtyard, through wrought iron gates that provide security and add style, to the lush landscaping and interconnected pathways that create the setting for tropical outdoor living. The year-round Balso river flows through the back of the property and sheltered under two towering king palms is a large powder-blue tiled pool with an adjacent ranchito. A BBQ pit and large storage building are conveniently located off the terrace that wraps around the home, with a nook for al fresco dining beside the pool.
