Property Description

Costa Verde Estates is THE premier residential development in the Dominical area. The top of the mountain location, land planning, quality infrastructure, community amenities, high-end residences and natural beauty form the base of a development which will hold its value for a long time to come. Within this community are some really unique and very special properties, Lot # 75 just happens to be one of the best ones. The property is accessed by a several hundred foot long, private, jungle lined driveway and opens up to a generous building area and some of the most breathtaking views anywhere on the Pacific Coast. At roughly 2000 feet above sea level, one looks down the coast in both directions with a sense of what vistas must be like from heaven. Clear lines of site to Playa Hermosa, the Whale's Tail, southern headlands, estuaries, river mouths, the Osa Peninsula, Caño Island, deep royal blue ocean horizon and year round sunsets are contrasted by verdant, vibrant rainforest, close by & distant mountains and the rolling clouds above.
